Aryaz Trading Company

Aryaz Trading Company has been active in tile and ceramic production for years. The company has been able to attract expertized staff and establish large factories to produce and deliver high-quality tile and ceramics to global markets. Recognizing society's needs by practicing field research, it has created variety in its products to meet their needs. Today, Aryaz enjoys the most comprehensive array of tiles and ceramics in the Middle East so that it can respond to all tastes' demands. Respecting quality is the company's most important feature; it has launched modern laboratories to test its product quality.
